PROFILE

"Hello, I'm Shubham Raikwar, a Full Stack Developer with 2 years of experience specializing in frontend development using React and Next.js. I focus on creating responsive and high-performance web applications and have a solid backend foundation in Python."

PROFESSIONAL EXPERIENCE

TechRitzzy Pvt Ltd

03-2022 - 04-2024

Full Stack Developer

- Created React-based front end for Cloud Kitchen website, ensuring an intuitive user interface.
- Reduced website loading time by **900ms** through comprehensive optimization strategies, enhancing overall user experience.
- Contributed to designing and building scalable web apps with **React, Python, and Flask**, resulting in efficient, flexible, and high-performing applications.
- Created and maintained RESTful APIs and GraphQL endpoints to enable efficient data flow between the backend and headless frontends.
- Implemented seamless OAuth 2.0 integrations with Google and Facebook, enhancing user authentication security and improving user onboarding experience.
- Deployed the application on **AWS EC2** using **Nginx** for efficient hosting and seamless user experience.
- Employed Redux for state management and JWT for secure user session handling, ensuring a reliable and responsive user experience across all platforms.

CONTROLS

05-2024 - Present

- Developed and maintained the AuthentiChef website using **Next.js**, focusing on an efficient and user-friendly admin panel for seamless data retrieval.
- Integrated a secure payment gateway, ensuring successful and reliable transaction processing.
- Developed a SaaS analytics dashboard to monitor business KPIs using React and integrated charting libraries like Chart.js and Recharts for real-time data visualization.
- Designed a scalable headless e-commerce platform using Shopify for backend and Next.js for frontend, optimizing API interactions to reduce page load times by 30%.
- Built a secure counseling platform for NEET UG and PG using **Next.js** and **Tailwind CSS**, enhancing user experience and interface efficiency.
